

Hello 5th grade parents!

We are continuously working on ways to make the end of 5th grade fun and special for all of our 5th graders! But we need your help!

We will be making a slideshow from pictures that have been collected throughout the year from the yearbooks as well as 5th grade teachers. We would love to include some pictures from digital learning as well!

- ***Action Item 1: Please send a picture of your child during digital learning to fifthdolvin@gmail.com by May 8th. Title this email “Slideshow-student name and homeroom teacher name”.**

We will also be doing a virtual 5th grade walk! We need videos of your 5th grader walking towards a camera. It is very important for video quality that you take this video with your phone turned sideways (landscape) and that you send it with the highest video quality possible.

- ***Action Item 2: Please send a video of your child walking towards the camera to fifthdolvin@gmail.com by May 8th . Title this email “Walk- student name and homeroom teacher name”**

- Make sure your camera is like this when you are recording

- Have your student walk towards the camera and past you like this. They can dance, wave, throw confetti, spray silly strings, etc!
 - <https://youtu.be/Tf2kalZqoaQ> (example video of 5th grade walk)

We want to add pictures/clips of families congratulating these fifth graders like you would do during the 5th grade ceremony and the 5th grade walk. Feel free to make posters or a graphic on your device to include in the final walk videos.

- ***Action Item 3: Send a picture or clip of you congratulating your 5th grader to fifthdolvin@gmail.com by May 8th. Title this email “congratulations- student name and homeroom teacher”**

We will hold virtual class parties where we will play games and do a baby picture guessing game! Please send a baby picture of your 5th grader to include in a class baby picture kahoot. If possible, send a recreation of the picture as well! Check out this [video](#) for some inspiration :)

- ***Action Item 4: Send a baby picture of your 5th grader to fifthdolvin@gmail.com by May 8th. Title this email "baby picture- student name and homeroom teacher name"**

Please send these in 4 separate emails
so help us keep these clips organized!
Thank you for all of your continued
support!
